Baby Penguins Everywhere! Melissa Guion

Can there be such a thing as too many adorable penguins?

One day a penguin sees a most unusual sight: a hat floating in the icy water. Even more unusual? Out of the hat pops a baby penguin. But not just one baby penguin . . . or even two. But a third, and a fourth, and on and on! At first the mama penguin is happy for the company. Until she realizes that taking care of a family is very hard, very tiring work, and what she could really use is just a moment alone. Yet as newcomer Melissa Guion reminds us in her adorable debut picture book, alone time is all well and good, but, it's family time that's best of all.

Perfect for any mama penguin with a family, or classroom, full of mischievous little ones. And perfect for toddlers who will smile over all the little penguins and the silliness that ensues.

Praise for *Baby Penguins Everywhere!*

“‘Once there was a penguin...’ begins this story of the joys and difficulties that come with parenthood. . . . Superb composition leads readers from page to page, showcasing the birds’ antics. Spreads showing them playing in the snow, jumping rope, and tumbling are especially effective, and children will enjoy looking from group to group, discovering the variety of sports. This title can be used to talk about family, friends, and the occasional need to be alone.”—School Library Journal

“[W]atercolor illustrations delight in the penguins’ sheer cuteness. A sweet picture-book treatment of penguins and parenting.”—Kirkus Reviews

"Guion's debut uses adorable penguins to salute the idea of taking time to recharge. . . They create instant, exuberant chaos, frolicking with scarves and waving their stumpy wings in the air. It's easy to enjoy their fun: Guion's forms are simple but expressive, and her spreads convey gentle excitement."—Publishers Weekly

From reader reviews:

Bertha Costa:

In this 21st one hundred year, people become competitive in every single way. By being competitive right now, people have to do something to make themselves survive, being in the middle of the crowded place and notice by surrounding. One thing that often many people have underestimated this for a while is reading. Sure, by reading a publication your ability to survive is boosted then having a chance to remain that other is high. For yourself who want to start reading some sort of book, we give you this kind of Baby Penguins Everywhere! book as nice and daily reading guide. Why, because this book is greater than just a book.

William Carroll:

The guide titled Baby Penguins Everywhere! is the book that is recommended to you to read. You can see the quality of the reserve content that will be shown to a person. The language that the author uses to explain their way of doing something is easy to understand. The author did a lot of exploration when writing the book, so the information that they share for you is absolutely accurate. You also could get the e-book of Baby Penguins Everywhere! from the publisher to make you considerably more enjoy free time.

Frank Quintana:

Is it an individual who has spare time then spends it whole day by simply watching television programs or just lying down on the bed? Do you need something new? This Baby Penguins Everywhere! can be the response, oh how comes? A fresh book you know. You are so out of date, spending your spare time by reading in this brand new era is common not a nerd activity. So what these publications have than the others?

Marylouise Potter:

Don't be worried when you are afraid that this book may fill the space in your house, you may have it in e-book approach, more simple and reachable. This specific Baby Penguins Everywhere! can give you a lot of friends because by checking out this one book you have a point that they don't and make you actually more like an interesting person. This specific book can be one of one step for you to get success. This guide offers you information that possibly your friend doesn't understand, by knowing more than some other make you to be great men and women. So, why hesitate? We should have Baby Penguins Everywhere!.
