When Cibo's body dies during the battle between the Electrofishers and the Safeguard, her consciousness is teleported to a Backup Cyberspace, where she overloads the program the Safeguard is using to control its troops. But this won't stave off the troops for long, and unless Killy figures out a way to unlock the limiter on his Graviton Beam Emitter, the quest for the Net Terminal Genes is about to come to a crashing end! "Action packed, bloody, and cerebral to the core, it's stunningly drawn and impossible to put down." -Dave Halverson, Play Magazine
