## **Feng Shui for Love and Romance** Richard Webster

The Chinese have known for thousands of years that, if you arrange your home and property in the right way, you can attract positive energy into your life, including love, romance, and friendship. In *Feng Shui for Love & Romance*, Richard Webster reveals small changes in your home that will make major differences in your life.

*Feng shui* is amazingly simple and inexpensive. Simple charts show the traditional associations with different parts of your home. Do you want your partner to start listening to you? Display some yellow flowers in the *Ken* (communication) area of your apartment. Do you want to bring more friends of both sexes into your life? Place some green plants or candles in the *Chien* (friendship) area. To attract or recapture passion, bring touches of red into the *K'un* (feelings) area of your home. Red is the strongest and most stimulating of the colors, so be careful not to go overboard! Balance is the desired goal.

In *Feng Shui for Love & Romance* you will learn we are all associated with one of the five Chinese elements (Wood, Fire, Earth, Metal, and Water). A simple chart indicates your element, determined by your birth date. People of certain elements are good matches for you while others require extra work. But, don't worry, simple cures for complex relationships are included.

If you are looking for a new love, to rebuild or strengthen a relationship, or to just get some new friends, this book has the answers. Get your copy now.
