Lines of Sight (Covert Investigations Book 1) Wolf Specter, Clara Coyle

He'll wear the suit and name the government told him to. But only because he has no choice.

Russ Callahan may not be Seattle's worst private investigator, but he's likely its poorest. Since he blew the whistle on his last employer, the former military contractor has had to keep a low profile, living under an assumed identity. When a big case lands on his doorstep, he can't refuse—unless he wants his next meal at a soup kitchen.

Accelera Pharmaceutical Labs suspects some tech is leaking clinical trial data to the competition. The case sounds simple enough: tail the geek, catch him in the act, and collect a much-needed paycheck.

A reclusive psychic faces the truth: people will die unless he finally uses his powers for good.

Daniel Langston is far more than he appears. For starters, he's not really a geneticist. Second, he can read minds. Things at Accelera aren't as they seem, but how is a psychic supposed to prove it? Daniel needs Russ Callahan on his side to document the evidence. But he's got to be careful.

He knows the truth about Accelera's clinical trial, but no one can know *how* he knows.

Once they join forces, the violence starts.

Dan and Russ form a shaky alliance, only to realize there's more threatening their partnership than just the lies they've told one another. Someone's trying to kill them.

Aware of the plot on their lives, Dan works in the shadows, trying to stay a step ahead of the murderers and a step ahead of Russ. Because if he had to explain how he found out, that would ruin everything. And if that weren't enough, he's got a front row psychic ticket to a distracting truth: his partner is developing feelings for him.

Russ knows that he's a target. He has to step lightly. So how come the only person he wants to trust is an emotionally volatile loner he knows nothing about?

Lines of Sight is a must-read thriller that blends slow-burn romance and supernatural intrigue with a tense conspiracy plot, all set in the vibrant backdrop of the Pacific Northwest.
