The Monarch History of the Church is an eight-volume series by world-renowned historians and theologians. Each volume offers an even-handed, comprehensive and readable assessment of the main strands of Christianity within its period. The first volume covers the period AD 30-312. During this time, the church experienced major challenges politically, culturally and intellectually, yet grew and defined itself in remarkable ways. Here is the story of Christianity's earliest shapers - men and women whose influence is still felt today.
