After Kyoto : Are There Rational Pathways to a Sustainable Global Energy System? Roger W. Sant, John A. Riggs, the Environment and the Economy (Aspen Institute) Program on Energy, Energy Policy Forum, Paul Runci

The 1998 Aspen Institute Energy Policy Forum considered ways of achieving long-term sustainability, as well as the desirability and feasibility of complying with the Kyoto Agreement. This report contains eight recommendations, including taking a long-term focus, depoliticizing the debate, increasing R& D, and decreasing barriers to innovation.
