Cross-Cultural Explorations: Activities in Culture and Psychology Susan Goldstein

This activities workbook is designed to facilitate students' understanding and application of major concepts and principles in the study of culture and psychology. The 90 activities in this workbook feature a wide range of engaging case studies, self-administered scales, mini-experiments, and library research projects, addressing topics such as culture, race/ethnicity, gender, age, sexual orientation, disability, and social class. Background material is included for any concepts not commonly addressed in introductory texts. In addition, the workbook is supported by a substantial Instructor's Manual that includes discussion questions, video recommendations, variations by course level, and suggestions for expanded writing assignments.
