## **Hammurabi's Laws: Text, Translation and Glossary (Academic Paperback)** M. E. J. Richardson

Richardson supplies a new translation and transcription (which incorporates the most important manuscript variants) of the most famous of all ancient Mesopotamian texts. He also provides a complete lexical analysis of every word that is used in it. The edition covers the prologue and epilogue as well as the laws themselves. Students of the Bible, ancient Near Eastern law and general Semitics are now provided with an indispensable reference tool in a convenient form. The detailed information in the glossary, where the full context of every quotation is given, will also be a tremendous help to those who want to learn or revisit Akkadian.
