The Bastiat Collection Frédéric Bastiat

The world has always needed this: a gigantic collection of Bastiat's greatest work in a single, super-handy pocket edition, at a ridiculously affordable price. All of the best essays by this giant of liberty are here, 1000 plus pages of it, but in a compact package that it is still easy to read. In fact, it is a joy to hold and even more to read because the text just jumps off the page.

Putting this together was a challenge but one we accepted because many people said that our two-volume hardback, though beautiful, was too costly and cumbersome. For some collectors, this was great, but what about students and people who read on the subway, or on lunch break, or just want to throw the book into an overnight bag for a quick trip somewhere?

We can't be more pleased at the result. This is the Bastiat Collection that the world has needed.
