Before Nature: A Christian Spirituality H. Paul Santmire

Before Nature caps a set of themes first brought to the fore in Santmire's previous work, most notably the classic *The Travail of Nature*. Here Santmire continues the pursuit of a theology bound up with nature and its condition, especially the fragility and fervent expectation of nature's redemption. Out of this concern, Santmire invites readers on a theological and spiritual journey to a prayerful and contemplative knowledge of the Triune God, in which practitioners are inducted into a bountiful relationship with the cosmic and universal ministry of Christ and the Spirit uniting all of nature in a single vision of hope and anticipation. Scholarly, practical, and accessible.
