*****Capture Your Best Memories To Last A Life Time*****

A girl's wedding day is one of, if not the biggest day of her life. The months and weeks of planning and preparation are the focal point of her life. When the big day finally arrives, however, most brides admit they don't even notice several of the things they thought would be so detrimental to making their wedding perfect.

Yes, the flowers you took such care to pick out were wilted before you returned from your honeymoon and the tables that were set with such care and attention to making a statement of festive elegance were mused before you threw the bouquet. Even the dress you took such care to select so that you look and feel like a princess will be worn less time than the clothes you wear to work every day. But there is one thing about your wedding (besides being married to your true love, that is) that will last long after everything else about your wedding is gone. That something is your wedding pictures.

Readers will be introduced to the how's and why's of choosing the best wedding photographer for their special day and will be given a checklist of photographs to have taken in order to tell their wedding story for years to come.

Your wedding photographs are the only thing other than your love for your spouse that last past the wedding day. Because this is true readers need to know how to make sure they get the best wedding pictures possible.
