**Sociology of Education** Tomas Boronski, Nasima Hassan

‘An essential student-friendly text for Education Studies.’

**Dr Gillian Forrester, Subject Head for Education & Early Childhood Studies, Liverpool John Moores University**

‘Introducing students to the complexities of Education Studies is a difficult task and this book will go a long way to making it easier. I will definitely be recommending this to all my students.’

**Kevin Brain, Programme Leader, Education Studies, Leeds Trinity University**

This textbook explains the basic principles of sociology and relates these concepts to today’s society and education system in order to deepen your understanding of how these issues affect our lives and the world we live in, encouraging you to think critically and to develop a ‘sociological imagination’.

Coverage includes:

- the wider political and economic context for education in the UK, including an analysis of the reforms of the 2010 coalition government
- childhood, schooling and pupil voice
- non-traditional consideration of critical pedagogy, ‘race’ and gender
- the role of education in a multicultural society
- inequalities in educational opportunity in terms of class, ethnicity and disability.

This is essential reading for students on undergraduate Education Studies degrees, and for sociology courses covering educational issues.

### From reader reviews:

#### **James Davis:**

What do you ponder on book? It is just for students as they are still students or it for all people in the world, exactly what the best subject for that? Just you can be answered for that concern above. Every person has different personality and hobby for each other. Don't to be pushed someone or something that they don't need do that. You must know how great and important the book Sociology of Education. All type of book would you see on many options. You can look for the internet options or other social media.

#### **Paul Greenblatt:**

Information is provisions for folks to get better life, information these days can get by anyone in everywhere. The information can be a expertise or any news even restricted. What people must be consider any time those information which is within the former life are hard to be find than now is taking seriously which one would work to believe or which one the resource are convinced. If you have the unstable resource then you get it as your main information it will have huge disadvantage for you. All those possibilities will not happen inside you if you take Sociology of Education as your daily resource information.

#### **Bradley Smith:**

As a student exactly feel bored for you to reading. If their teacher asked them to go to the library in order to make summary for some publication, they are complained. Just very little students that has reading's heart and soul or real their interest. They just do what the professor want, like asked to the library. They go to at this time there but nothing reading seriously. Any students feel that looking at is not important, boring in addition to can't see colorful photographs on there. Yeah, it is for being complicated. Book is very important to suit your needs. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Sociology of Education can make you truly feel more interested to read.

#### **Patricia Mattox:**

What is your hobby? Have you heard that question when you got learners? We believe that that issue was given by teacher to their students. Many kinds of hobby, Every person has different hobby. And you also know that little person just like reading or as examining become their hobby. You need to understand that reading is very important and also book as to be the factor. Book is important thing to include you knowledge, except your own personal teacher or lecturer. You discover good news or update about something by book. Many kinds of books that can you decide to try be your object. One of them is this Sociology of Education.
