[[[How the World Works (Real Story (Soft Skull Press)) [HOW THE WORLD WORKS (REAL STORY (SOFT SKULL PRESS))] By Chomsky, Noam (Author)Sep-20-2011 Paperback Noam Chomsky

According to "The New York Times," Noam Chomsky is "arguably the most important intellectual alive." But he isn't easy to read . . . or at least he wasn't until these books came along. Made up of intensively edited speeches and interviews, they offer something not found anywhere else: pure Chomsky, with every dazzling idea and penetrating insight intact, delivered in clear, accessible, reader-friendly prose. Published as four short books in the famous "Real Story" series--"What Uncle Sam Really Wants"; "The Prosperous Few and the Restless Many"; "Secrets, Lies and Democracy"; and "The Common Good"--they've collectively sold almost 600,000 copies. And they continue to sell year after year after year because Chomsky's ideas become, if anything, "more" relevant as time goes by. For example, twenty years ago he pointed out that "in 1970, about 90% of international capital was used for trade and long-term investment--more or less productive things--and 10% for speculation. By 1990, those figures had reversed." As we know, speculation continued to increase exponentially. We're paying the price now for not heeding him them.
