Fundamentals of Air Traffic Control Michael S. Nolan

FUNDAMENTALS OF AIR TRAFFIC CONTROL 5E is an authoritative book that provides readers with a good working knowledge of how and why the air traffic control system works. This book is appropriate for future air traffic controllers, as well as for pilots who need a better understanding of the air traffic control system. FUNDAMENTALS OF AIR TRAFFIC CONTROL 5E discusses the history of air traffic control, emphasizing the logic that has guided its development. It also provides current, in-depth information on navigational systems, the air traffic control system structure, control tower procedures, radar separation, national airspace system operation and the FAA's restructured hiring procedures. This is the only college level book that gives readers a genuine understanding of the air traffic control system and does not simply require them to memorize lists of rules and regulations.

From reader reviews:

Brad Marcum:

The ability that you get from Fundamentals of Air Traffic Control is the more deep you excavating the information that hide into the words the more you get interested in reading it. It does not mean that this book is hard to comprehend but Fundamentals of Air Traffic Control giving you thrill feeling of reading. The copy writer conveys their point in selected way that can be understood by anyone who read the item because the author of this book is well-known enough. This particular book also makes your own vocabulary increase well. It is therefore easy to understand then can go with you, both in printed or e-book style are available. We recommend you for having this particular Fundamentals of Air Traffic Control instantly.

Lillie Moreland:

Information is provisions for those to get better life, information these days can get by anyone with everywhere. The information can be a understanding or any news even an issue. What people must be consider whenever those information which is inside the former life are challenging be find than now is taking seriously which one works to believe or which one the particular resource are convinced. If you have the unstable resource then you get it as your main information it will have huge disadvantage for you. All those possibilities will not happen within you if you take Fundamentals of Air Traffic Control as your daily resource information.

Julie Tice:

Why? Because this Fundamentals of Air Traffic Control is an unordinary book that the inside of the book waiting for you to snap the idea but latter it will distress you with the secret the idea inside. Reading this book next to it was fantastic author who all write the book in such remarkable way makes the content inside of easier to understand, entertaining approach but still convey the meaning thoroughly. So , it is good for you because of not hesitating having this anymore or you going to regret it. This book will give you a lot of advantages than the other book include such as help improving your ability and your critical thinking way. So , still want to hold off having that book? If I ended up you I will go to the publication store hurriedly.

Amy Osburn:

As a student exactly feel bored to reading. If their teacher questioned them to go to the library or even make summary for some publication, they are complained. Just small students that has reading's heart and soul or real their pastime. They just do what the instructor want, like asked to the library. They go to presently there but nothing reading critically. Any students feel that looking at is not important, boring as well as can't see colorful pictures on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this period, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. Therefore this Fundamentals of Air Traffic Control can make you really feel more interested to read.
