Charles Taylor: Thinking and Living Deep Diversity (20th Century Political Thinkers) Mark Redhead
Over the past four decades, Charles Taylor's work as an intellectual historian, epistemologist, and normative political theorist has made him a leading figure in contemporary social philosophy. In *Charles Taylor: Thinking and Living Deep Diversity*, Mark Redhead examines the problem of political fragmentation, the problem of how to accommodate narrowly defined groups while promoting allegiance to a larger polity, through an analysis of Taylor's thought and politics. Redhead argues that Taylor's work evinces a gallant, though unsuccessful confrontation with fragmentation that dramatically illuminates the political, moral and epistemological tensions at play in a problem of political fragmentation. *Charles Taylor* is both a major contribution to contemporary debates about liberalism, group rights, and multiculturalism as well as a path breaking study of the politics, life, and thought of Charles Taylor.
