Just Work?: Migrant Workers' Struggle Today (Wildcat: Workers' Movements and Global Capitalism)

As the struggle against neoliberalism becomes ever more global, *Just Work* will be the definitive book on the growing social and political power of one its major forces: migrant labor. From trade unions in South Africa to resistance in oppressive Gulf states, migrating forest workers in the Czech Republic, and illegal workers' organizations in Hong Kong, *Just Work* brings together a wealth of lived experiences and frontline struggles for the first time. Highlighting developments in the wake of austerity and attacks on traditional forms of labor organizing, the contributors show how workers are finding new and innovative ways of resisting. The result is both a rich analysis of where the movement stands today and a reminder of the potentially explosive power of migrant workers in the years to come.
