Pawns in the Game: The International Conspiracy Exposed William Guy Carr

Here is a TRUE story of international intrigue, romances, corruption, graft, and political assassinations, the like of which has never been written before. It is the story of how different groups or atheistic- materialistic men have played in an international chess tournament to decide which group would win ultimate control of the wealth, natural resources, and man- power of the entire world. It is explained how the game has reached the final stage. The International Communists, and the International Capitalists, (both of whom have totalitarian ambitions) have temporarily joined hands to defeat Christian-democracy. The solution is to end the game the International Conspirators have been playing right now before one or another totalitarian-minded group imposes their ideas on the rest of mankind. The story is sensational and shocking, but it is educational because it is the TRUTH. The author offers practical solutions to problems so many people consider insoluble.
