**Snapshot** Lis Wiehl

**Two little girls, frozen in black and white. One picture worth killing for.**

The Civil Rights Movement is less than a distant memory to Lisa Waldren—it is someone else’s memory altogether, passed on to her through the pages of history. Her life as a federal prosecutor in Boston feels utterly remote from the marches in the South that changed her father’s generation—and the entire nation—forever.

But the truth is, she was there.

When a photograph surfaces showing a blond, four-year-old Lisa playing with an African-American girl at a civil rights march in Fort Worth, Lisa is faced with a jarring revelation: the girls may have been the only witnesses who observed the killer of civil rights leader Benjamin Gray . . . and therefore the only ones who can exonerate the death row inmate falsely accused of the murder.

Soon, Lisa finds herself in the dangerous world her father had shielded her from as a child. After some searching, the Waldrens find the other little girl from the photo and, in the process, uncover conspiracy mere steps away from the likes of Bobby Kennedy, Lyndon Johnson, and J. Edgar Hoover.

Based on real events and a photograph snapped by author Lis Wiehl’s own G-man father, *Snapshot* is a remarkably original marriage of mystery and history.
