The Practice of Technical and Scientific Communication: Writing in Professional Contexts (ATTW Contemporary Studies in Technical Communication, vol 4) Jean A. Lutz, C. Gilbert Storms

The Practice of Technical and Scientific Communication is a detailed description of the work done by technical and scientific communicators in a variety of professional settings. It is designed mainly as an educational and career planning tool for students preparing for careers in technical communication. However, it may also be used by educators who teach and advise students, by researchers who need a comprehensive picture of technical communication practice, and by employers who need a more thorough understanding of how technical communicators can contribute to their businesses.
