The Sheik's Secret Twins Elizabeth Lennox

From the first moment he'd arrived, Sheik Malik bin Saqqaf had thrown her life into chaos. And the longer he stayed, the more she fell in love with him.

But could she trust him? He'd betrayed her once, should she risk it again?

They'd been lovers four years ago, a relationship that had resulted in her wonderful twin boys. Now he was back and he wanted into her life once again.

She had to tell him about his sons, but she didn't want to take him back into her life.

Malik had other ideas. His previous marriage had been his father's idea, a political union that had been a disaster from the beginning. Now he was divorced and all he wanted was Siri, the only woman he'd ever loved. He had to win her back!

The awkward introduction to his sons took him completely by surprise. Knowing that he had two sons, princes who would follow in his footsteps, only sealed the deal. He wanted both Siri and his sons now. He just had to figure out how to get her to trust him again. He had to win back her love.
