The Rise and Fall of the Confederate Government Jefferson Davis

A duty to my countrymen; to the memory of those who died in defense of a cause consecrated by inheritance, as well as sustained by conviction; and to those who, perhaps less fortunate, staked all, and lost all, save life and honor, in its behalf, has impelled me to attempt the vindication of their cause and conduct. For this purpose I have decided to present an historical sketch of the events which preceded and attended the struggle of the Southern States to maintain their existence and their rights as sovereign communities—the creators, not the creatures, of the General Government. The social problem of maintaining the just relation between constitution, government, and people, has been found so difficult, that human history is a record of unsuccessful efforts to establish it. A government, to afford the needful protection and exercise proper care for the welfare of a people, must have homogeneity in its constituents. It is this necessity which has divided the human race into separate nations, and finally has defeated the grandest efforts which conquerors have made to give unlimited extent to their domain. When our fathers dissolved their connection with Great Britain, by declaring themselves free and independent States, they constituted thirteen separate communities, and were careful to assert and preserve, each for itself, its sovereignty and jurisdiction. At a time when the minds of men are straying far from the lessons our fathers taught, it seems proper and well to recur to the original principles on which the system of government they devised was founded. The eternal truths which they announced, the rights which they declared "unalienable," are the foundation-stones on which rests the vindication of the Confederate cause.
