By chance, are you searching for a means to spice up your love life? Or perhaps, you would like to learn a new technique to enjoy magical moments with the person you love most? If this is the case, then you have the right book to help you!

I myself have been through those years wondering if there is much more than the usual sex positions my wife and I had been doing for the last 10 years. Thus, when I started to do research, I realized there is much more than the fundamental positions the mainstream of people undertake in their quest to express their love.

As a result, I wanted to share this acquired knowledge to all of you. Hence, I wrote two books and this one is for beginners. In due time, you shall be needing the additional learning offered by the second book to go beyond this first 50 sex positions described in this book, "Mind-Blowing Sex Positions for Beginners: How to Enjoy Days of Magical Love Making."

In this first book of the series, you will learn:

1. Why it is important to spice up your love life;
2. What are the four fundamental sex positions are and why they cannot sustain and enduring magical evenings of lovemaking; and,
3. What are the 46 basic sex positions and broken down into categories:
  - a. Man in Command
  - b. Woman in Command
  - c. Sitting Sex Positions
  - d. Standing Sex Positions

**Why This Book?**

This book does not promise that married couples will stay forever in love with one another. Instead, it provides a chance for lovers to continually keep the flame of their love burning through the passion their share with one another in the intimacy of their bedroom. If this happens to be your objective in life, therefore, this is written for you.
