Historical Dictionary of Romanticism in Literature (Historical Dictionaries of Literature and the Arts)

Paul Varner

The *Historical Dictionary of Romanticism in Literature* provides a large overview of the Romantic Movement that seemed at the time to have swept across Europe from Russia to Germany and France, to Britain, and across the Atlantic to the United States. The Romantics saw themselves as inaugurating a new era. They frequently referred to themselves or their contemporaries as Romantics and their art as Romantic. From the early stirrings in Germany, to the last decade of the eighteenth century in England with the political radicals and the Lake Poets, to the Transcendental Club in Massachusetts, the leaders of the age acknowledged their new Romantic attitudes.

This volume takes a close and comprehensive look at romanticism in literature through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 800 cross-referenced entries on the writers and the poems, novels, short stories and essays, plays, and other works they produced; the leading trends, techniques, journals, and literary circles and the spirit of the times are also covered. This book is an excellent access point for students, researchers, and anyone wanting to know more romanticism in literature.
